

PROGRAM

The GProCongress II is more of a strategy rather than a training event. The program will continually be fine-tuned. Major building blocks include:

Devotional sessions

Led by gifted, younger expositors on the core needs of a pastoral leader: Preach, Live, Think and Serve Biblically.

Plenary sessions

Stewarded by leaders of umbrella bodies in nonformal, informal, and formal pastor training along with emerging co-laborers for faster delivery to more pastors of better training at lower costs.

Table sessions

Facilitated by skilled hosts to discuss relevant pastor training topics and models; prayerfully disclose and commit to raise new pastor trainers.

Affinity sessions

Facilitated by experienced leaders for 1) regional connections for post-Congress plans, 2) delivery methods for training effectiveness, and 3) core learning emphases for outputs for multiplying the quantity and quality of pastor training everywhere.

Inspirational sessions

Biblically based inspiration around select themes for personal and ministry vitality.
